EC-1 **End Termination Kit**

Actual Size

Description

The **EC-1** end termination kit is for use with constant wattage and self limiting heater cables. The end cap and silicone work together to provide an outstanding moisture resistant seal. The silicone end cap has a maximum maintenance temperature of 500°F and can withstand intermittent exposure temperatures of up to 650°F.

Contents

- 1 - EC-1 End Cap
- 1 - Packet Silicone RTV

Applications

- Constant Wattage Heater Cables
- Self Limiting Heater Cables

Ordering Information

EC-1CW	Constant Wattage End Cap
