TAD-MMB *Metal Mounting Bracket*

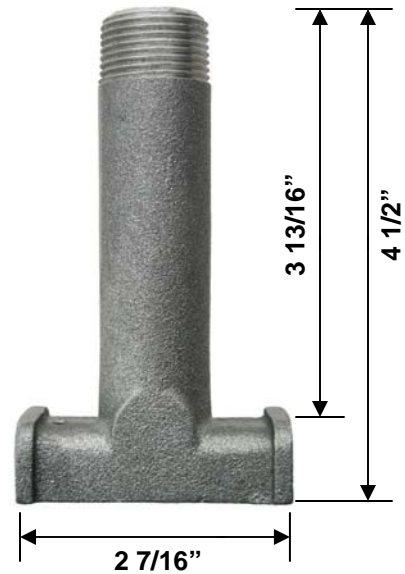

Description

The **TAD-MMB** is a 3/4" NPT metal mounting bracket and is for use with PL-1 power connection kits when equipped with a 1" to 3/4" bell reducer (not supplied). The **TAD-MMB** may also be configured with other approved junction box assemblies. The **TAD-MMB** is made of sturdy cast aluminum and is ideal for use in normal and hazardous area locations. In addition, the **TAD-MMB** has 1/8" threading near the base for ground connections.

Features

- Cast aluminum gives sturdy support for junction boxes.
- Explosion proof
- Can be used with other approved junction boxes.
